

Guidelines and Evaluation Form for Thesis/Dissertation Proposal Defense

Department of Biochemistry, Faculty of Science

Guidelines for Thesis/Dissertation Proposal Defense evaluated by Examination Committee to evaluate the following:

1. Proposal contents—substantial quantity and quality of work for a master's/doctoral degree
2. Adequate knowledge and understanding in the proposed research proposal
3. Suitability of the title for the work

Duration of proposal defense

M.Sc. student ≤1.5 h (≤20 min presentation)

Ph.D. student ≤2.0 h (≤30 min presentation)

Thesis/Dissertation Proposal Evaluation (mark ✓ in the table below)

Student Name.....Academic Level ☐ M.Sc. ☐ Ph.D.

Content	No revision	Need revision			Remark
		High	Medium	Low	
Title					
Theoretical background and literature review					
Objective					
Methodology					
Reference					
Schedule of research activities
